## EDUCATION

---

### Master of Computer Applications

*National Institute of Technology Karnataka, Surathkal*

Aug 2024- Present

*CGPA: 8.89*

### B.Sc Physical Science with Computer Science

*Hansraj College, University of Delhi*

Aug 2020 - May 2023

*CGPA: 9.015*

### Intermediate

*Indian School Certificate (ISC)*

March 2019

*Percentage: 96.66%*

## SKILLS & COURSEWORK

---

### Programming Languages

C++, C, JavaScript, Python, Java

### Technical Skills

SQL, HTML, CSS, PHP, REST

### Relevant Coursework

Data Structures, Algorithms, Database Management System, Operating System

## PROJECTS

---

### 1. Amazon Clone: E-Commerce Web Application

HTML, CSS, JavaScript

- Engineered a responsive, multi-page e-commerce web application replicating Amazon's core functionalities.
- Developed user interactions via componentized, event-driven JavaScript with clean DOM manipulation and reusable ES6+ components.
- Designed a scalable front-end architecture with responsive UI development.

### 2. Cardiac Disease Prediction using ML

Python, Scikit-learn, Random Forest

- Developed an end-to-end machine learning pipeline to predict cardiac disorders from lifestyle data, successfully achieving a recall of 96.36%
- Employed cross-validation to fine-tune multiple classification models; selected a Random Forest classifier optimized for recall.
- Maintained an average recall of 89-92% and minimized false negatives in critical healthcare using data pre-processing, feature scaling, and model evaluation.

## ACHIEVEMENTS

---

- Secured an All India Rank of **122** in **NIMCET 2024**, ranking in the Top **0.5%** out of 25,000 candidates.
- Class Representative, 2022-2023

## POSITIONS OF RESPONSIBILITY

---

### 1. Organiser and Mentor, MS Tools Workshop

*Hansraj College, University of Delhi*

Oct 2022

- Spearheaded a hands-on, 3-day technical workshop on MS Word and PowerPoint introducing AI powered features and smart tool usage.
- Simplified complex software functionalities and mentored 20+ peers individually.

### 2. Workshop Coordinator, Machine Learning Workshop

*Hansraj College, University of Delhi*

Jan 2022 – Feb 2022

- Coordinated and managed a 42-day Machine Learning certification workshop for 100+ participants.
- Facilitated collaboration between 5 industry professionals and attendees.
- Ensured a seamless learning experience for all stakeholders through structured planning and issue resolution.
