Education

National Institute of Technology Karnataka, Surathkal
of Computer Applications

Aug. 2024 – July 2027 *Master*
Surathkal, Karnataka

CHRIST University, Delhi NCR
Bachelor of Computer Applications

Aug. 2021 – July 2024
Delhi, NCR

St. Xavier's School
Class XII (82 %)

May 2021

Technical Skills

Programming Languages: C, C++, Python

Web Technologies: HTML, CSS

Database Management: SQL

Projects

MetroMe – Delhi Metro Application

Technologies Used: Dart, HTML

- Designed and developed a mobile/web application to facilitate smooth navigation and route planning in the Delhi Metro network.
- Integrated features like route suggestions, fare calculations, and station information.

Sniffy – Packet Sniffing & Malware Detection Tool

Technologies Used: Python

- Developed a custom network packet sniffer capable of monitoring real-time data packets.
- Integrated basic malware detection logic to flag suspicious network activities, enhancing cybersecurity awareness and monitoring.

Internship Experience

Advanced Level Telecom Training Centre (ALTTC)

Role: Cybersecurity Intern

Location: Ghaziabad, India | **Duration:** [3 months]

- Received mentorship and training in cybersecurity fundamentals and practices.
- Developed a Python-based packet sniffing tool during the internship.
- Gained practical exposure to real-world network security techniques.
- Awarded a certificate of completion and appreciation from ALTTC.
