Education

National Institute Of Technology Karnataka

Masters of Computer Applications - CGPA - 9.48

Aug 2023 – Present

Surathkal, Karnataka

Experience

Adobe

May 2025 – July 2025

ACS Technical Consultant Intern

- Designed and developed a high-performance restaurant website enabling users to seamlessly explore menus and book tables online, streamlining the reservation experience.
- Achieved a 100/100 Lighthouse score in performance by optimizing assets, minimizing render-blocking resources, and leveraging efficient front-end practices.
- Utilized Edge Delivery Services (EDS) to improve load speed and reduce latency, significantly enhancing overall user experience.
- Implemented real-time form validations and clean, accessible UI to enhance usability and ensure data integrity.
- Technologies & Tools Used: HTML, CSS, JavaScript, Edge Delivery Services (EDS).

Projects

Bicycl (Bicycle Renting App) | MERN Stack, JWT, Stripe

Aug 2024 – Oct 2024

- Developed a full-stack bicycle rental platform allowing users to rent bicycles based on location, type, and real-time availability.
- Implemented user authentication (JWT), profile management, and an admin dashboard for managing users, bicycles, and rental records.
- Enabled admins to add, update, and delete bicycles, while customers could book, return, and track rental history via an intuitive UI.
- Integrated Stripe for secure payment processing, ensuring seamless and reliable transaction handling for rentals.
- Built using the MERN stack (MongoDB, Express.js, React.js, Node.js), focusing on scalable and responsive design.
